U.S. Army Garrison Livorno Public Affairs Office

The U.S. Army Garrison Livorno holds many events of interest to the community and to friends and family members of USAG Vicenza community members.

With regard to publishing photographs in the print version of the USAG, *The Outlook*, the paper is also published online at [www.usag.livorno.army.mil](http://www.usag.livorno.army.mil) and photos are also submitted to the USAG Livorno Flickr site at [www.flickr.com/photos/campdarby](http://www.flickr.com/photos/campdarby)

To ensure privacy, when photos are posted to the USAG Livorno Flickr site, no names or ages are given, just the title of the event.

In order for USAG Livorno to include a youth or community member in its print or online publications and flickr site, permission is needed.

The following is provided for you review and signature:

I give permission for an image and name and/or student work of my child(ren) to be used in print and online versions of *The Outlook* and USAG Livorno's flickr site. This permission letter is good for one year, however, I may withdraw permission at any time provided I give written notification to the USAG Livorno Public Affairs Office.
